ABOUT US

Being present in the market for over a decade, Kutchina is a leading kitchen appliances brand in India today. The company provides energy efficient products - Chimney, Hob, Dishwasher, Built-in Microwave Oven, Built-in Oven, Water Purifier and a range of exclusive small appliances. After occupying a big share in the East market, Kutchina has set its eyes on conquering the rest of India as well. Kutchina has now forayed into the market for kitchen interiors and launched Modular Kitchens with state-of-the-art design and functionality.

Kutchina products have stormed the market due to their energy efficiency, user maintenance and advanced functional features like the pioneering Autoclean Technology in Chimney. Our diligent and hardworking R & D Team study the market needs and trends, to develop the most technologically advanced products that surpass market demands. Kutchina presents complete satisfaction to its customers with excellent product quality and first-rate after-sales services. The Company owns Service Centres all across India and has centralized Customer-care Centres with toll-free numbers, free maintenance and assistance within 48 hours for all customer queries.

Kutchina has won accolades that celebrate the company’s excellence in the industry in a matter of years. Awards go far to testify to the brilliance of the company, as does its large customer base and employee strength.

Kutchina today offers its valued customers complete end-to-end kitchen solutions through its exclusive range of Modular Kitchens & Appliances.
EASY WAY TO KEEP SMOKY KITCHENS CLEAN

CHIMNEY

3rd Generation AutoClean
3rd Generation AutoClean technology saves you from the hassles of manual cleaning and gives your kitchen a fresh and healthy environment.

High Suction Capacity
Based with intelligent technology the strong suction power of Kuchina Chimneys improves aesthetics of your kitchen.

Power Saving LED Lamp
Safely, standard & long life LED lamps give that extra warmth to your kitchen.

User Friendly Touch Interface
Our well-thought-out design breaks the limitations of traditional white color knobs and buttons by the convergence of different standard functions with intuitive touch.
Hassle-free chimneys for a smoke-free kitchen

With Kutchina kitchen chimneys, it’s time to turn your kitchen into a hangout zone. Every Kutchina chimney is equipped with High Suction Capacity, Durable Copper Blower Motors, Intuitive Touch Control System and Metal Housing that not only keeps the kitchen clean but also ensures healthy food. That’s not all, being Indias first chimney with Auto Clean Technology, Kutchina does away with the hassles of cleaning a chimney manually. Just a click of the button and your chimney is rid of the oil and smoke particles inside it! Thanks to the efficient 3rd Gen Autoclean Technology, separate Oil Collector and superior Suction Power. With all these and more, Kutchinas range of quality chimneys is bound to be your preferred choice when it comes to keeping your kitchen healthy and happy.

Other advantages
- High Suction Capacity, ranging from 700 m3/hr to 1600 m3/hr

LOOKS CLASSY, COOKS SMART.

HOB

- **Introducing Mechanical Timer with Gas Hobs**
  Gives liberty to the user to set a time after which the hob needs to stop working.

- **Supports LPG and NG, both gas types**
  Kuchina Hobs can work on both LPG and NG options, thus giving the end user flexibility of use.

- **Brass Burners, specialized in Indian cooking**
  Brass Burners are efficient and specifically suitable for Indian hi-flame and simmer cooking.

- **Metallic Knob**
  Kuchina Hobs come with long lasting metallic knobs. The knobs have been ergonomically designed for a comfortable experience.

- **Safety Device (Flame Failure Device)**
  Flame Failure Device is a safety feature which automatically cuts off the gas supply if the flame goes out, stopping the gas flow.
